OUTDOOR TREKS and ADVENTURES SDN BHD (756321-X)
COMPANY PROFILE

Introduction

Outdoor Treks is a Sarawak based company, and is in association with a pool of expertise that can meet every need in the travel, tourism and leisure sector.

We are a sports, adventure and tourism specialist and can provide **maximum exposure** and publicity for events, **develop tourism products** and **formulate sporting events**, to attract 'sports tourists' (repeat visitors) for you.

Our expertise involved all levels of adventure and sports from training, coaching and managing and operations of events and expeditions. We operate as a 'soft-organisation' with an international network that structures itself to the nature of the project, thereby optimising efficiency.

Outdoor Treks Products and Services Offered:

1. 4X4 Off Road adventure expeditions, events and training
2. Sports Rock Climbing and ropes related adventures
3. Outdoor Experiential Learning and Teambuilding
4. Sports, Action and Adventure video production and ground handling

Our key personnel **Malcolm Jitam**

(Malcolm (L) with Hiroshi Masuoka 2 times Dakar Champion)

Started adventure at a young age while growing up in a Field Force camp. In the 80s got into more known forms of adventure and became an outdoor adventure guide. In the private sector he was promoted to General Manager of a local tour company before joining Sarawak Tourism Board as a pioneer staff overseeing marketing and tourism product development. In 1997 he formed his own private adventure outfit and began to organize adventure events including a number of 4X4 off

road expeditions and events. Malcolm was called upon to assist in organising international adventure racing event e.g., Mild Seven Outdoor Quest and Ford Race to Everest. In 2003 qualified with a **Grade A** License as the Clerk of Course for the Lundu Off Road Challenge, endorsed by the Malaysian Association of Malaysia. He brings with him much experience and insight both as a trainer, instructor, athlete and an event organiser. In 1999 Malcolm was trained as an outdoor rope skills guide. His involvement in coaching Sarawak's state cycling team began his work with youth development, especially in the field of experiential learning, motivation and teambuilding.
